

To: All Bidders

Addis Ababa

RFB Reference No.: ET-MOWE-471090-CW-RFB

Subject: Response for clarification request on bid document requirements of the afomantioned project.

Dear Bidders,

It is important to note that the bid for the Procurement of (Lot-1) Civil Work, including the supply and laying of pipes and fittings, as well as the supply and installation of Electro-Mechanical Equipment for the Dimeka Town Water Supply Project in Hamer Woreda, South Ethiopia National Regional State, was published in the Herald newspaper starting April 10, 2025.

In light of this, one bidder has raised some point for clarification. Accordingly, we provided the following response as stated in the table below:

No.	Clarification inquiry	Response
1	Section III, 3.2 Minimum Average Annual Construction Turnover: The bid document requires an average annual construction turnover of ETB 130 Million for the past 5 years. Considering the impact of currency devaluation, we request that the peak annual turnover be considered instead of the minimum annual construction turnover requirement.	As stated in the specific procurement notice published in the Herald newspaper, this procurement is governed by World Bank Procurement Regulations. Therefore, adopting a revised minimum annual turnover is not permissible. Your request is not accepted.

We appreciate your understanding and encourage all bidders to ensure compliance with the bid requirements as specified.

Best regards,

Mehendis Melaku Atalay
